

Firearm Storage System – Pistol Cabinets

-  Bale Defence Industries designs, manufactures and supplies high security firearm storage cabinets to house and secure hand held weapons used by Defence Forces and Law Enforcement Agencies throughout the region.
-  Due to the modular design and construction of the unit; size, capacity and configuration can be varied according to specific requirements.
-  The racks are manufactured from thermoplastic material incorporating single action stainless steel locking bars, viewable through large Lexan windows.
-  The cabinets are fabricated using 316 grade stainless steel, with locks keyed the same.
-  Metal components will not scuff, or mar on the thermoplastic housing.
