

Rack, M4, Quad

 Bale Defence Industries designs, manufactures and supplies high security firearm storage racks to house and secure weapons used by Defence Forces and Law Enforcement Agencies throughout the region.

 Due to the modular design of the unit; the size, capacity and configuration can be varied according to specific requirements.

 The racks are manufactured from thermoplastic material incorporating single action stainless steel locking bars viewable through 360°.

 The racks are fabricated using 316 grade stainless steel, with locks keyed the same or individually keyed.

 Metal components will not scuff, or mar on the thermoplastic housing.

 Capacity: M4 plus options

- ~ Day Site, Infrared Pointer
- ~ M203 Grenade Launcher
- ~ AW-PVS4 Night Vision Site
- ~ Visible Lazer
- ~ Sound Suppressor
